## AMONG PETALS

In perfume, it's off-notes that give fragrances their depth, dimension, and realism. Whether it's decay, must, funk, or another challenging smell, the contrast makes for an authentic experience and keeps the sweetness of fragrance from being cloying. How much more so full spring, with its abundance of petals and blooms - first gracing branches and stalks but overflowing their banks, thick and spoiling on the sidewalk, windshield, the patio, and lawn?

Among Petals offers all the delicacy and perfection of a spray of blooms - but in a yarn that has its own spirit. The linen, silk, and alpaca work together to create a stitch texture that isn't uniform, that wavers in places, that doesn't quite hide the work that stitched it. It's this authenticity that gives Among Petals its soul.

## CONSTRUCTION

Among Petals is knit in the round from the bottom up and the shoulders are seamed. Stitches are picked up and knit for the sleeves, which are worked seamlessly. Stitches are picked up and immediately bound-off using a decorative braid for the neckline.

This pullover features A-line shaping, dropped shoulders, and instructions for short row bust shaping in four optional sizes.

## TECHNIQUES USED

- Knitting lace
- Twisting stitches
- Working in the round
- Working directional shaping
- Working German Short Rows
- Seaming (for the shoulders only)
- Picking up and knitting
- Working a Braided Bind-off (worked after you pick up stitches for the neckline)

Knitters will be most comfortable working this pattern if they can read their knitting (recognize a knit and a purl on the needle), and if they have some experience knitting lace.

## PICK A GARMENT SIZE

Choose the size closest to your actual upper chest measurement.

Upper chest is measured above the full bust, at an angle close to diagonal beneath the underarms, and straight across the back.

## PICK A CUP SIZE

Among Petals includes instructions for knitting short rows to accommodate breasts. Short rows add length to the front of the garment only, so that the hem does not rise in the front. To choose a cup size, measure your body from the top of the shoulder to your underbust in both the back and the front. Subtract the back length from the front length then subtract 2 inches / 5 cm and choose a cup size based on the result.

Jen is wearing size 4, Cup 2, with .5 inch / 1 cm of negative ease at the full bust and 2 inches $/ 5 \mathrm{~cm}$ of positive ease at the upper arm. Her upper chest is 41 inches / 102.5 cm and she is $5^{\prime \prime} 8^{\prime \prime} / 173 \mathrm{~cm}$ tall.
