

P-WAVE®

The highly fragranced, simple solution to bad odours

Ultra Big Blue

Enzymatic automatic bowl cleaner

This bio-enzymatic cleaner has redesigned packaging to make it easier to fit in a wide variety of tanks. It lasts for 900 flushes and has increased surfactant concentration so it cleans better than ever whilst reducing your water consumption by displacing water that would normally be present in your toilet cistern. Ultra Big Blue releases billions of beneficial bacterial to consume bio-materials that cause odours, keeping your bowl clean, blue and fresh. reduces your water consumption by displacing water in your toilet cistern.

Easy to use:

Thanks to its small size, the Ultra Big Blue fits nearly any toilet cistern tank. No setup or mixing required, just drop it into the tank!

Long lasting:

Lasts up to 900 flushes even with its compact foot print. Your toilet will automatically stay clean thanks to enzymes released with each flush.

Eco-Friendly:

Safe to use. Displaces water in your cistern to reduce your water consumption. Bio-enzymes released with each flush consume malodors and help promote bio-degradability.
