

ankleRAP™

WITH OPENING & PULL-ON

ORDER# 015-11-size | ORDER# 012-11-size

The ankleRAP™ is used for post-injury or post-surgery care. The ankleRAP™ is made from the finest quality of stretch absorbent material and provides gentle soft tissue support. It secures sterile dressings in place without the use of harsh medical tapes.

- Tapeless support of post-operative dressing
- Eliminates tape blisters
- Greatly improves patient comfort
- Can reduce post-operative complications
- Decreases wound care time
- Latex-free

INSTRUCTIONS

ankleRAP™ WITH OPENING

1. Place a sterile dressing over the surgical wound.
2. Place the ankleRAP™ on the ankle securing the sterile dressing.
3. Close the opening (FIGURE 1).

See back for ankleRAP™ Pull-On instructions.

⋮ *Velcro closures to adjust fit*

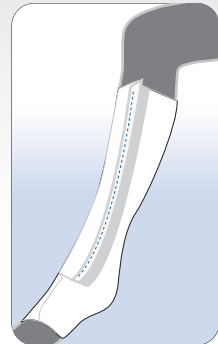

FIGURE 1

ankleRAP™ PULL-OVER

1. Place a sterile dressing over the surgical wound.
2. Slide the ankleRAP™ over the foot and pull up over the ankle securing the sterile dressing (FIGURE 2).

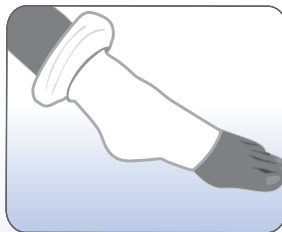

FIGURE 2

PRECAUTIONS

Our orthoRAPs® are not designed for any other use except as indicated. These wraps should be applied properly by a **MEDICAL PROFESSIONAL ONLY**. The patient should be frequently monitored for signs of discoloration or circulatory problems. These products are **NOT STERILE**. **DO NOT APPLY DIRECTLY OVER WOUND**. The sizing chart is approximate, the optimal size may need to be determined at the time of application. **DO NOT USE ON PATIENTS WITH ALLERGIES TO COTTON OR LYCRA.**
