- 1. Find an open, flat area in which to work. Carefully remove all components from the box and remove banding with a utility knife. Check the parts list to verify package contents.
- 2. Orient each shelf piece with all of the bottle supports facing the same direction. Using the provided wood screws, attach 2 leg supports to the end of each shelf piece. Make sure the end of the leg support is flush with the end of the shelf piece. (figure 1)

5. Line up the holes on the upper rack and carefully press into place. Use a rubber mallet if necessary. Repeat this step for all remaining stackable racks. (figure 4)

6. That's it! Enjoy this beautiful rack with your favorite beverage. Pair with other rack styles for an ultimate cellar storage look.
