

Align-Pilates

F-Series Evolution

F1 Launched

April 2016

F1 Reformer was launched to bring the benefits of a Pilates Reformer workout to your home.

F2 Launched

April 2017

The F2 replaced the F1, with new stainless steel runners for a smoother ride. Revised foot bar for easier adjustment & a revised mechanism for securing the carriage when folded.

F3 Launched

May 2022

Replacing the extremely popular F2 but after 2 years of designing, we launched the F3. A brand new aluminum frame and a new carriage design means the wheels never cross the join, making for a much nicer user experience and a much higher quality machine.

THE BRAND NEW
F3 REFORMER
