

WASHBASINS FOR ALL KINDS OF PEOPLE

We have designed a new range of washbasins taking both the carers' and the users' needs into consideration. That is why you can combine the washbasins and units and make an individual solution that fits your specific needs without compromising on either design or functionality.

- **Hospital:** Porcelain washbasin with inwardly curved front allowing wheelchair users easy access. The basin is 64 cm wide.

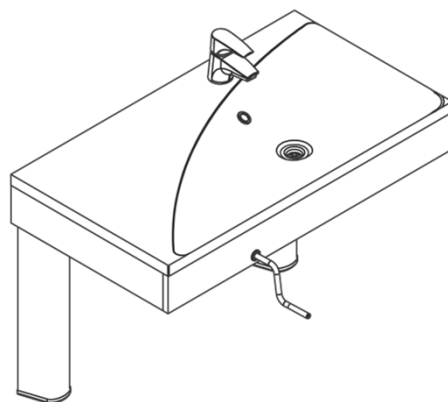

STYLISH AND PRACTICAL WASHBASIN WITH MAXIMUM LEGROOM FOR WHEELCHAIR USERS

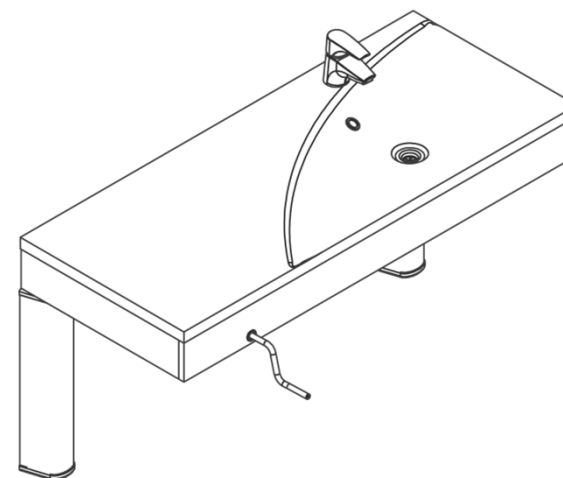

- Wall-mounted washbasin in an elegant and simple design
- Safety stop underneath the washbasin ensures optimum safety when adjusting the height
- Control switch for the height adjustment is located on the front of the washbasin for easy access
- Available with manual or electrical height adjustment
- VanityLine is available in three different sizes and two different models, Left / Right
- VanityLine replaces the Flexi washbasin

60 cm.

90 cm.

120 cm.

- The washbasins are available in three sizes and in a right or left version
- Can be manually or electrically height adjusted

WALL-MOUNTED WASHBASIN THAT CAN BE ADJUSTED IN HEIGHT AND SLIDE SIDWAYS GIVING EXTRA SUPPORT

- Integrated handrails provides extra support and minimizes the risk of falling
- Height and sideways adjustable for maximum support
- Electrical,- Manual and Basic height adjustment
- Also available in a fixed height
- Ideal for several users with individual needs, e.g. wheelchair users and walking impaired.
- Two models , Left / Right

EASY ACCESS TO THE WASHBASIN FROM THE TOILET – IDEAL FOR WHEELCHAIR USERS

- A wall-mounted washbasin that can rotate and swing 180°
- Particularly suitable for wheelchair users as they can wash hands while seated on the toilet and before a transfer is made
- Manually height adjustable
- Easy to adapt to existing water installations and drains
- Enables the user to become more independent and self-sufficient which releases time for the staff
- Reduces the number of transfers
