

## LIVE YOUR

Lazing in the late afternoon sun, a warm salty breeze carries a flock of colourful rosellas overhead. Dipping and swooping, their chatter fills the air, joining the rising song of the cicadas from the banksias and the lonesome kookaburra – hiding in the treetops. With bold tones of kingfisher blue, waratah red, galah pink and wattle yellow, Bottlebrush is a collection inspired by the natural beauty of Australian flora and fauna, a sweet reminder of our beautiful land.
