

Proudly Australian owned and manufactured with over 25 years experience of providing excellent customer service, AMDC offer quality products and solutions, whether you're building or renovating.

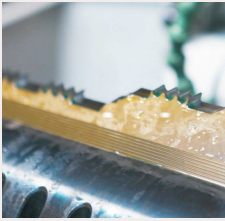

We manufacture the largest and most comprehensive range of skirtings, architraves, doors and accessory mouldings including curved architraves, curved skirting, picture rails, corner blocks and bolection moulds from all periods of Australian housing.

Our range of housing eras includes the Victorian, Federation, Edwardian, Colonial & Post War eras through to Modern & Contemporary homes.

With over 6,000 different profiles our extensive range can be produced from Moisture Resistant Medium Density Fibreboard (MRMDF) or any timber including, Finger Jointed Pine, Clear Pine, Meranti, Oak, Western Red Cedar, Kiln Dried Hardwood (KDHW) and any other timber on request.

This results in our products being of the highest quality and finish.

Custom Profile Matching

We manufacture and custom make new or match any existing heritage home profile. Sample matching or creation of a new design for a architectural project is what we do best. We will help bring your vision to life.

Custom Doors

The largest range of decorative Feature Doors to choose from, whether it be a Flush Panel Door, Router Door, Curved Head Door or Solid Timber Joinery Door.

Mouldings

Architraves & Skirting

The largest and most comprehensive range of skirting boards and architraves from all periods of Australian Housing.

Curved Architraves

Curved architraves typically feature intricate architectural detailing.

Curved Skirting

Curved skirting boards in a home is a decorative and functional element that runs along the base of interior walls, typically near the floor. Curved skirting boards can be customized with various profiles, finishes, and paint colors to match the overall style and decor of the home.

Pallmet Material

Often manufactured from MDF, Pelmet are a decorative and functional accessory used to conceal the top part of window blinds or shades, enhancing appearance and providing a polished look to the window treatment.

Cavity Sliding Units

We partner with premium quality architectural Cavity Sliding Door System manufacturers within the Australian building industry. The range includes both custom made and standard size cavity pockets.

Sliding Door Hardware Systems

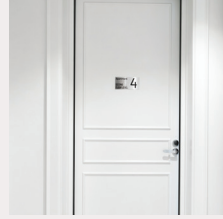

We work with passionate partners that are shaping the spaces in which people live, work and play producing cutting edge screen solutions, tracks and hardware kits for sliding & folding door systems for both interior & exterior, residential or commercial spaces.

EZY CONCEPT products

Manufactured by Studco Building Systems, EZ Concept are the innovators of the world-renowned EzyJamb® door jamb systems, offering an expanding range of architrave-free architectural finishing products to create modern interiors.

Fire Doors

The Australian Moulding & Door Company is licensed to manufacture eCore 1 Hour & 2 Hour Fire Rated doors in accordance with AS1905.1- 2005.

Transport

Over the years we have found that external transport services can be costly, and sometimes incur damages to goods due to the lack of care to the finished product. We use all our own transport within Victoria, New South Whales, ACT, South Australian and Queensland.
