

DRINKS IMPACT

WINE

DE BORTOLI (AUSTRALIA)

Aiming to be the world's first zero waste winery and multi award winning for sustainable practices.

SHIRAZ

Every 6 bottles sold plants one tree in Australia via One Tree Planted or Trillion Trees

PAINTED WOLF SAUVIGNON BLANC

Every bottle helps protect the endangered African Painted Wolf via the Endangered Wildlife Trust and Tusk

SEA CHANGE - ROSE

Every bottle helps rescue sea turtles from abandoned fishing nets (ghost nets) and rehabilitate injured sea turtles via the Olive Ridley Project.

PROSECCO

VILLA SANDI PROSECCO

Award winning Prosecco that gives free education to orphan kids in Ethiopia via Strawberry Fields Onlus. DOC Certified, which is the highest recognition for quality in Italian Prosecco and biodynamically farmed, which is one of the most natural and sustainable ways to make Prosecco.

SEA CHANGE PROSECCO ROSE

Helps protect UK beaches and marine wildlife via Sea-Changers UK.

GIN

“Because one step has the power to inspire one hundred more”

CAPTAIN SIR TOM GIN

Every bottle donates to The Captain Tom Foundation who support:

- The Royal British Legion who provide care homes, rehabilitation, mental health support and employment support for army veterans
- Mind who are the leading mental health charity in the UK
- Cavell Nurses’ Trust who support UK nurses, midwives and healthcare assistants through illnesses, disabilities, financial crisis and domestic abuse
- The Florence Nightingale Hospice Charity who care for people with terminal illnesses. The money from this gin provides a service where patients can spend their final days and hours at home surrounded by their loved ones
- Helen and Douglas House who cares for terminally ill children and The Willen Hospice who help people with life-limiting illnesses

FEVER TREE INDIAN TONIC WATER

The quinine-producing cinchona tree (locally known as the fever tree) has been used for years to help protect humans from the affects of malaria. Malaria is the second biggest killer of humans in the world to day and its preventable. Every gin and tonic helps prevent malaria via Malaria No More.

RUM

GREENSAND RIDGE WEALDEN RUM

The UK’s first carbon neutral distillery where every drink is made from 100% renewable energy. This rum is also made with surplus molasses from Tate & Lyle sugar refinery to help reduce UK food waste.

COCKTAILS

All cocktails are made from wonky fruit to help reduce UK food waste and also help veterans and people with illnesses via The Captain Tom Foundation.
