

## Infidelity DNA Test Order Submission Form

Please read entire instruction sheet before proceeding. If you prefer a collection kit be provided to you, please place your order at <http://www.dna.direct/pages/infidelity-dna-test>.

Package all evidence samples in separate paper bags. Do NOT place samples in plastic bags.

Gather the following items prior to collecting reference swabs. Do not touch swab tips with your fingers.

- 2 sterile cotton-tipped swabs for each participant providing a reference sample (can be purchased at most pharmacies). Q-tips® may be substituted, but be sure to cut off one end so only one cotton-tipped end remains.
- 1 standard letter envelope for each participant.

### **Step One:** Write The Following Details On Each Envelope

- Name of individual providing reference sample
- Collection Date

### **Step Two:** Swab Inner Cheek

- Swab inside of both cheeks with medium pressure for 20-30 seconds. Repeat process using second swab. Do NOT touch the tip of the cotton swab with your fingers.

### **Step Three:** Seal Swabs Inside Letter Envelope

- Place both swabs into a standard letter envelope
- Do NOT place swabs in plastic bags
- Seal the envelope with tape.

### **Step Four:** Combine and send samples

- Place all sample envelopes and evidence into a main mailing envelope
- Complete the following forms and include them with your shipment
- Send main mailing envelope to the following address:

**DNA Direct Solutions**  
6955 N Mesa St  
Suite 109  
El Paso, TX 79912 USA

- Use a reliable mail carrier to send your samples. We strongly recommend using express trackable shipping.

## Infidelity DNA Test Order Submission Form
