INSTRUCTIONS FOR UNPACKING AND RE-PACKING YOUR TACTICAL BLANKET™ IN THE

SOFTCASE

(These instructions are specific to the SC-STD Softcase for the 8P-TAC, level IIIA blanket)

The Tactical Blanket™ properly stored and secured in the Softcase

Release the Velcro securing straps

Pull the securing straps through the loops and free of the case

With both securing straps free, lift the upper section of the case (you may remove or leave the poles in place)

Lay back the upper flap of the softcase

Lay back the bottom flap of the softcase

Release the Velcro connection on the inner securing strap

Lay back both end flaps of the softcase

Lift the Tactical Blanket™ from the softcase

To re-pack your Tactical Blanket™, simply follow these directions in reverse

Should you have any questions, please do not hesitate to call us for clarification.
