We've Got You Covered

From adventure time to sleepy time, we've got solutions for every moment you're caring for your favorite fur baby.

We're on a Mission to Clean Up Pet Products

We know that natural works better. But that's not enough. Truly clean pet care needs to be responsibly sourced, organically grown, ethically crafted, and made to protect our pets and planet. Our fully transparent process lets our consumer feel confident in every aspect of our products.

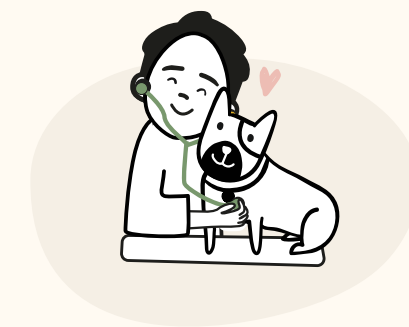

What Does Clean Mean?

Natural Ingredients

Natural works better. That's why we use simple, organic ingredients that harness the power of nature. That means no unnecessary additives or processing. Our products feel, smell, and work the way nature intended.

Vet Formulated

Our vet, formulator, and pet professionals build our products from the ground up with advanced plant-technologies to eliminate the most common pet challenges. Rigorous safety and efficacy testing ensures that we get it right every time.

Hand Mixed in the USA

Every kin+kind bottle is lovingly mixed, labeled, and shipped by the hands of our US team paid a responsible, living wage.

Flea+Tick

Powered by essential oils and vet formulated specifically for dogs and cats

Shampoo

Kills instantly for active infestations

lavender

Sprays

For everyday protection

lavender

lemongrass

THE NO-NO LIST Made Without

- ❌ SULFATES
- ❌ PARABENS
- ❌ MINERAL OIL
- ❌ PYRETHRINS
- ❌ CLOVE
- ❌ CINNAMON
- ❌ ALCOHOL
- ❌ ARTIFICIAL FRAGRANCES

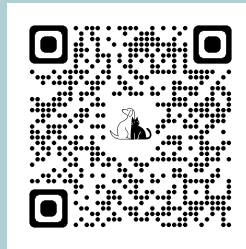

Cruelty Free

Conventional flea+tick products use risky ingredients. Because of that, the EPA requires cruel animal lab testing to guarantee safety. That often involves exposing caged dogs and cats to hungry fleas for days. Yikes!

Since all our ingredients are pre-approved by the EPA, we don't have to use any cruelty to guarantee safety.

Real Food Supplements

Healthy Poops

Healthy Skin+Coat

Healthy Calm

Healthy Immunity

Healthy Hip+Joint

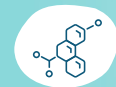

Coconut Oil

Healthy Poops

Does your pet need help going? Or help not going? Our all-natural vet-formulated blend provides the perfect mix of soluble and prebiotic fiber, protease, and digestive enzymes.

Enzymes
Banana and ginger aid digestion

Fiber
Pumpkin, coconut, and flaxseed keep poops firm and moving

Prebiotics
Chicory Root supports healthy gut flora

Fatty Acids
Flaxseed and coconut aid absorption of vitamins

Healthy Immunity

Stay berry healthy! You can protect your pets with the power of nature's superfoods.

Vitamins + Minerals

Superfoods rich with zinc, selenium, and vitamins A, B, C, E, K

Fatty Acids
Coconut and flaxseed help absorb vitamins

Urinary Tract Support

Cranberry and blueberry make going potty a little easier

Antioxidants
Berries naturally protect against free radicals

Healthy Hip Joint

Play more, worry less. Our complete golden paste supports zoomies for youngsters and healthy joints for senior pets. And we're vegan!

Healthy Fats

Coconut is rich with fatty acids that aid in the absorption of curcumin and necessary nutrients.

Natural Superfoods

Turmeric is a powerful source of curcumin and antioxidants supporting normal function for inflamed joints.

Maximum Bioavailability

Real food maximizes absorption of critical nutrients.

Healthy Skin+Coat

Vitamins have never been so yummy! Your pets will be begging for their supergreens. So start young and stay healthy the natural way.

Vitamins + Minerals

Zinc and Vitamins B help maintain and move moisture to the skin

Supergreens

Chlorella, kelp and wheatgrass provide dense nutrients necessary to healthy skins and coats

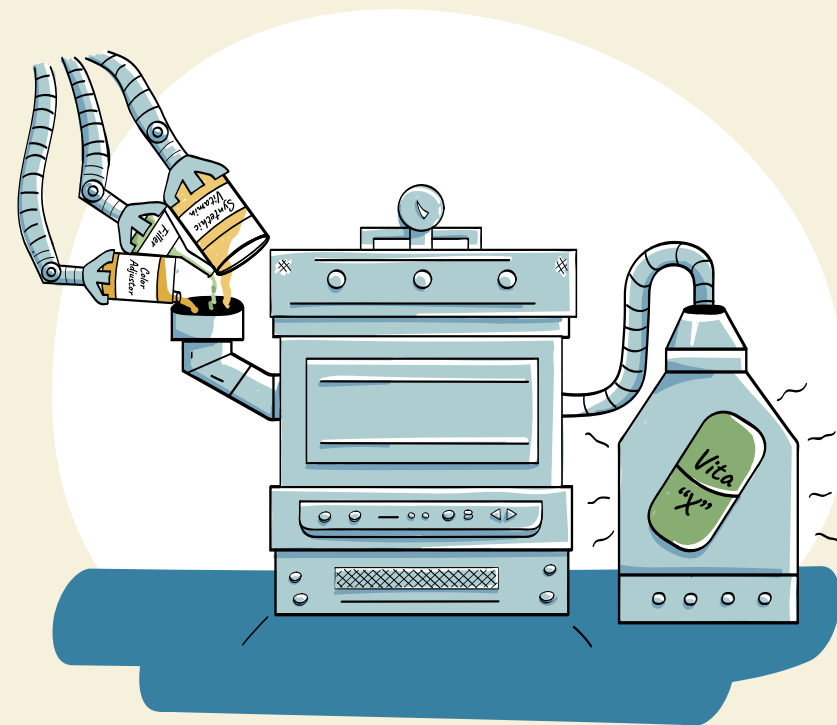

Omega -3 / -6 Fatty Acids

Coconut, chlorella, flaxseed help, absorb vitamins, increase coat gloss, and decrease dry skin and dander

Real Food vs Synthetic Supplement

Synthetic nutrients are made artificially in an industrial process and separated from their whole food components. They're not absorbed by the body in the same way as their natural counterparts and provide less available nutrients to dogs and cats.

For Pee Stains & Odors

Pet pee doesn't stand a chance. Nothing is more effective than our professional strength natural sprays.

with advanced plant technology!
