

ENBIO_s

B class air-removal
(pre-vacuum) autoclave

ENBIO_s is the only autoclave
able to sterilize your tools
to perfection in
7 MINUTES.

QUALITY

Ensure the highest level of safety for you and your Customers with Swiss technology.

SPEED

Enbio S is the fastest sterilizer on the market.

SPACIOUS

Save time and sterilize several tool packs at the same time - up to 8 packs at once!

QUIET

It produces less noise than common coffee machines. You can work comfortably.

AUTOMATIC

No more saving and printing. Your reports are automatically saved on the inserted USB stick.

INTUITIVE

No programming. No logging in. Sterilization in just two steps - switch it on, choose your mode, use it.
