## Step 2: Contact Us

To initiate the consignment process, please reach out to us via **sellersupport@styletribute.com** or WhatsApp us +65 9159 3853. Provide us with your full name, phone number, and email address along with a few photos of the items you are looking to consign. Upon receiving this information, we will create a **unique 7-digit collection number** for you, such as SG3333V.

## Step 3: Drop-off

Once your collection number is created, you can drop off your items at our designated location. Please include a note inside the package with the following details:

- **Your collection number**
- The number of products you are consigning
- Your estimated payout expectation for these items

## Step 4: Acknowledgment

After receiving your items, we will provide you with an **Acknowledgment of Received Goods**. This document will list the number of items we have received from you along with your collection number. You will also receive a copy of this acknowledgment via email for your records.

## Step 5: Processing and Listing

Our expert team will carefully inspect, authenticate, price, and photograph your items within 15 to 20 working days. Once this process is complete, you will receive a consignment agreement via email. Simply click on the approval button to start selling.

Your items will be listed online within 2 to 3 business days after your approval. If you are unsure about the pricing, feel free to let us know. We are committed to transparency and are happy to discuss the pricing with you.

We encourage sellers to **approve with the fast track option**, allowing us to mark down the prices if the items do not sell within the first 3 months. These items can then be marketed through our markdowns page for better visibility.
