## 1000 Lumen Rechargeable Flashlight

Model # 40075

### Rechargeable

Charge up your flashlight by sliding up the end of the handle and plugging the provided charging cable into the Micro USB port.

### Momentary On

Press the power button halfway down to allow a quick burst of light without turning the flashlight fully on.

### Lifetime LED Bulbs

This flashlight uses an industry-leading Cree® LED that will last the lifetime of the product, guaranteed.

### Water Resistant

This light is built to work while exposed to common inclement weather such as light rain (fancy technical classification: IPX4), but please don't submerge it!

### 1000 Lumens

Lumens are units that measure the total light output of a product. With a maximum light output of 1000 lumens, this light is perfect for the campsite, hiking trail, projects around the house, and emergency situations.

### 2 Modes

1. High: Provides a powerful beam that shines over 168 meters.
2. Low: A softer light great for close range work while extending flashlight runtime.

## Charging Your Flashlight

Slide up the tail cap to reveal the charge port.

### Charge Indicator Light

Solid red light while charging, and solid green when fully charged.

### Micro USB Power Input

Charge using the included micro USB cable (power source not included).
