

# 1250 Lumen Rechargeable Bluetooth® Speaker Lantern

Model # 40078

We have a little information to help you get to know your new lantern. Go ahead, take it out of the box, push the button - the fun is just getting started!

#### **Water Resistant**

This speaker lantern is designed and built to work while exposed to common inclement weather conditions such as light rain (fancy technical classification: IPX4), but please don't submerge it!

#### Lifetime LED Bulbs

This speaker lantern uses industry-leading LEDs that will last the lifetime of the product, guaranteed.

# Rechargeable

To charge, plug the provided USB into your wall adaptor and the other end into the lantern. A solid green light will indicate a full charge.

#### **Power Bank**

The USB output port can supply power to your cell phones, fitness trackers, digital cameras and other small electronics

#### 1250 Lumens

Lumens are units that measure total light output.
With a maximum output of 1250 lumens, this
lantern is perfect for the campsite, backyard, and
emergency situations.

## Variable Modes

With 5 brightness modes, you can select the exact amount of light you need, when you need it.

#### **Performance You Can Trust**

We put our products through rigorous testing to ensure they continue to perform year after year.

STATS	HIGH	MEDIUM	LOW
1/2	1250 Lumens	310 Lumens	190 Lumens
<u> </u>	3h 00min	12h	19h
$\overline{\langle}$	17m	8m	6m

## **CORE®** Crew is here to help

Helping you make the most of the outdoors with your CORE® gear is why we do what we do. If you have any problems with your product or just have a question we're here for you.

M-F: 8am - 5pm (CST)

# **Charging Your Speaker Lantern**

Charging ports are located on the back of the lantern under the protective cover. The provided charging cable is stored in the compartment on the bottom of the lantern.

Operating time for this product depends on continuous or intermittent use. Intermittent operation extends the run time of the battery.

## **Control Panel**

# Warranty

CORE® Equipment and Elevate LLC warrants for a period of one year from the original date of purchase, this product against any defects in materials or workmanship. At its discretion, CORE® Equipment may provide replacement parts to original purchaser. Original receipt or proof of purchase as well as proof of defect in the form of a photograph or video is required. CORE® Equipment will not be responsible for shipping costs incurred outside the continental USA. Warranty is valid for the original purchaser one year from the date of purchase and is not transferable.

This warranty does not cover any product purchased through unauthorized dealers/distributors and/or unauthorized resellers on online auction websites. CORE® uses approved and authorized distributors to furnish quality products, and CORE® provides warranty coverage only on products purchased from those distributors. If the product was purchased from an unauthorized reseller, this warranty does not apply. Unauthorized resellers may sell products that are used, defective, counterfeit, or which may not be designed for use in that specific country. To determine whether the seller of a CORE® Equipment product is one that has been approved and authorized by Elevate LLC owner of the CORE® Equipment brand, please contact help@coreequipment.com or call customer service at 1-888-775-5628.

This 1-Year Limited Warranty does NOT cover normal wear and tear, abuse or misuse of this product. All replacement products or parts will assume the remaining warranty of the original product. This warranty gives you specific legal rights. You may also have other rights which vary from state to state. To Obtain Warranty Service: Call Toll Free 1-888-775-5628 for warranty service, repair parts, or product questions. Monday - Friday, 8:00 a.m. - 5:00 p.m. Central Time.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

**Note:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

**Note:** The Grantee is not responsible for any changes or modifications not expressly approved by the party responsible for compliance, such modifica-

tions could void the user's authority to operate the equipment.

The device has been evaluated to meet general RF exposure requirement. This equipment complies with FCC's RF radiation exposure limits set forth for an uncontrolled environment. This device and its antenna(s) must not be co-located or conjunction with any other antenna or transmitter.
