300 Lumen Rechargeable Headlamp

Model # 40079

Rechargeable

Charge up your headlamp by lifting up the cover on the bottom of the headlamp and plugging the provided charging cable into the Micro USB port.

300 Lumens

Lumens are units that measure the total light output of a product. With a maximum light output of 300 lumens, this light is perfect for the campsite, hiking trail, projects around the house, and emergency situations.

Water Resistant

This light is built to work while exposed to common inclement weather such as light rain (fancy technical classification: IPX4), but please don't submerge it!

Lifetime LED Bulbs

This headlamp uses an industry-leading Cree® LED that will last the lifetime of the product, guaranteed.

Performance You Can Trust

We put our products through rigorous testing to ensure they continue to perform year after year.
