

BAMBIBO

**170
Foam
Stickers**

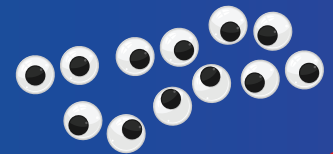

FOIL FUN

**15
Picture
Canvases**

Your child will love foil fun because it is a magical, mess-free activity!

It promotes creativity and improves fine motor skills. Allow their imaginations to run wild as they create masterpieces with turtles, octopus, whales, and other animals!

**GOOGLY
EYES**

- 1. Allow your child to choose a picture canvas to work with.**
- 2. Assist them in selecting the stickers for their picture and begin coloring them with the foil sheets.**

**200
Colorful
Foil Sheets**

3. To color a sticker:

✓ Peel off the section you want to fill in.

✓ Place a colorful foil sheet on top of the sticky surface. Assemble the foil sheet so that the shiny side is facing up.

✓ Using your finger, press the foil against the sticky surface and peel the foil sheet away.

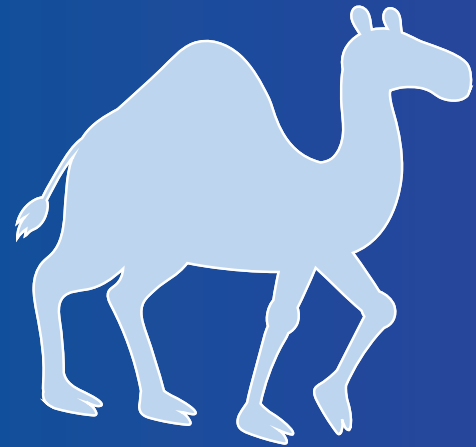

✓ The foil color would have transferred to your sticker!

4. After coloring in all of the sections of the sticker, peel off the white paper from the back of the sticker and stick it to the canvas.

5. Allow your child to add as many stickers as they want to their picture!

MATHEMATICS HINT,

Encourage your child to use the completed picture to tell a story. Storytelling helps your child develop their ability to make associations, be imaginative, and improve their language and communication skills.
