

Frank McFadden was a cornerstone of this organization. He served as President and was a start of the revamping of the mission we perform. Frank loved the unit but specifically the Soldiers, or as he called them, "the little fellas." He was quick witted, fast with a joke and delivered his opinion with a fiery passion.

There is no way to summarize the things he did for the chapter into a short message here. We can never fill his shoes, but we can walk in his footsteps. Frank embodied "Be, Know, Do" by being a good leader as an officer for the chapter. Knowing the people in the organization and who to call on for assistance in which situation. And finally, by embracing the mission of the Chapter to support the Soldiers, Families and Veterans of 5th Special Forces Group (Airborne).

His joviality, leadership and love of the Chapter and Unit will be sorely missed in the days, months, and years to follow.
