

**NEW!**

# DPF V9700 + SERIES V3370

PREMIUM, CAST NON-PVC PRODUCTS

## PERFORMANCE

FLITE Technology provides superior repositionability during installation and a clean removal at the end of the wrap's life.

## DURABILITY

Long-lasting high gloss finish, chemical resistance and scratch-recovery properties, where minor scratches will heal over time.

## SUSTAINABILITY

Casted from a water-based formulation, these products reduce VOC by 57% during manufacturing and eliminates the release of chloro-chemicals in landfills.

THE FIRST ADDITIONS TO

# VITAL.
