

# Cookie Decorating Party

suitable for ages 8+years (maximum 15 guests) with 1 parent present

suitable for 5-7 years (maximum 15 guests) with 3 parents present to assist the children

## Party Schedule

### Upon arrival

We kindly ask guests to arrive 5 minutes before the scheduled party time.

You will be greeted by one of our friendly staff.

This is an exclusive use space and we only host one party at a time.

Once all of the guests have arrived, your party host will commence and get the party started.

The host will then begin going through the cookie decorating kits with the guests.

They will introduce and explain how to use the tools, cutters and fondant. At this point the guests can start playing with the fondant.

Guests at the party will be led by the host, who will provide a live demonstration of each step, ensuring that everyone can follow along without any confusion.

## Let The Fun Begin!

Each guest will now have up to 1 hour to create and decorate their own 6 cookies using fondant and use their creative minds and skills to achieve their masterpiece with supervision and assistance from the host where required.

At the end of the decorating (up to 1 hour), we will provide each guest with a box so they can safely transport their decorated cookies home and show off their masterpieces to their family and friends! Try not to eat them before you get home!

The cookie decorating ends with clean up instructions to prepare for party food, then it's time to eat and party!

We have the remaining 1 hour of the party to serve party food, cut the cake, play games, dance and have fun. We then officially hand the children back to the host parent(s) for supervision until parents arrive to pick up their children.

# Meet Your Party Host

*Hi, I'm Marilyn Anderson, your Party Host. Allow me to tell you a little about myself:*

*I first discovered my fascination with baking in early childhood, this developed into a deep passion that has only grown stronger over the years. Honing my caking skills as a hobby, I found a love for Cupcakes with Buttercream finishes. This love eventually evolved into a hobby business that I successfully ran for six years, delighting friends and family with beautiful creations. I took this passion further and completed my Certificate III in Cake and*

*Pastry, solidifying my skills and knowledge in the field. Now, armed with over 10 years of experience, I continually seek out opportunities to refine my skills and expand my repertoire.*

*I am thrilled to have the chance to share my passion and creativity with a wider audience. Being able to pass on some fun decorating techniques brings me immense satisfaction and joy. However, I am most excited to get to watch the children unleash their imagination and achieve something they can be truly proud of. It's an incredible feeling to see their excitement and the joy that radiates from them. Additionally, teaching them new skills that they can take home adds a valuable dimension to their overall growth. Witnessing their progress is a constant source of inspiration for me.*
