Description

This Laptop stand or notebook raiser or adjustable notebook stand can turn your portable computer into a powerful desk computer without large & expensive monitor and dock. Height Adjustable Laptop Stand Places laptop in a comfortable position. Notebook Raiser uplift your notebook screen as well and you will get perfect viewing angle. Stabilizing front edge prevents sliding while adjustable tilt customizes your viewing angle.

Amazingly adjustable in height and tilt with step less angle adjustment Notebook Stand is designed to prevent strain onto shoulder and neck even use it for a long time. Very Sturdy by using the heavy-duty frame. The durable design of this laptop cooling stand allows for steady typing and is easily adjusted for the height and angle desired to ensure comfortable reading. The three fold stand is constructed to be easily shelved and space saving. There is no need for an extra electric source because the large, cooling fan is powered by USB through the computer.

Features

- ➔ Amazingly adjustable Height and angles freely.
- ➔ Very Sturdy by using the heavy-duty frame.
- ➔ Durable design allows for steady typing.
- ➔ Three-fold, space-saving design
