## Description

The next generation of sit to stand electrically operated desk converter. The only electric powered sit-to-stand desk converter on the market..With the push of a button, it is easy to move to a sitting or standing position in seconds without disrupting work flow.Just make space on your current desk or table, remove the Power Desktop from the box, plug it in, and you are ready to go. Ample space for desk activities from PC/Laptop work, writing, drawing, and more .Seperate key-board surface for better ergonomics.The whisper quiet operation requires minimal effort and reaching, making adjustment to any height convenient for everyone.This encourages users to transition between sitting and standing frequently, ensuring they reap the health benefits of standing while they work, without compromising on comfort, space or efficiency.

No more Manual Lifting Stress and Pain

# SEAMLESSLY CONVERT YOUR TRADITIONAL DESK INTO A STANDING ONE WITH THE NEW AND IMPROVED DESK RISER!

## It's Time to Take a Stand

**Back pain is one of the most common complaints of office workers who sit all day. Reducing sedentary time can improve physical, metabolic and even mental health. This is why sitting less and standing more is such an important lifestyle change. Simple press of a button makes it easy to adjust the desk to your favourite position.**

## Features

- 1 Electric height adjustable sit to stand converter. No more manual lifting stress and pain. Electric lift provides smooth and easy height adjustment at the press of a button.
- 2 Compact Design: Many standing desks in the marketplace are very large and take up too much space. smaller depth, but still wide enough to accommodate two computer monitors.
- 3 No minimal assembly required, take out of the box and start using.
- 4 Easy-to-use press controller makes height adjustment easy.
- 5 Large surface for placing more devices.
- 6 Cable Management: keeps everything organized.
- 7 This desk converter is now equipped with heavy-duty motor for easier height adjustments than its manual counterpart.
- 8 Improve your posture, boost productivity, and increase your energy levels with the push of a button.
