

# Pasta Substitute Rigatini Shape

## Low Protein Medical Food

For use under medical supervision for conditions such as inborn errors of protein metabolism.

### Preparation

Boil 4 cups of water per 62 g of pasta. Stir pasta into the boiling water and then simmer for 8-10 minutes or until tender. Drain and rinse under running water for approximately 2 minutes to remove excess starch. The cooking time listed may vary depending on boiling methods and tastes.

### Storage

Store in a cool, dry place.

### Ingredients

Corn starch, potato starch, inulin, mono- and diglycerides, safflower.

Manufactured for:

AJINOMOTO CAMBROOKE, INC.
