The Anthem Collection by EarthWerks is rooted in patriotic tradition, celebrating the centuries-old use of hardwood flooring as a preferred décor choice in American-made flooring. Named for the hues found in America's majestic mountain ranges, each of these stunning hardwoods feature warm and inviting colorations paired with the distinctive graining of grand oaks. The Anthem Collection reminds us of the history that hardwood flooring plays in American design, while providing enhancements through modern technology for increased durability and ease of maintenance.

*All measurements are nominal.

Wood swatches displayed may not show all possible variations in natural wood characteristics. It is these naturally occurring characteristics (mineral streaks, knots, pinholes, etc.) that give each hardwood floor unique warmth and beauty. Samples are intended to be a reference for product visuals and may not represent all color, shade, pattern, and texture variations. Actual product may differ from small swatches, printed media, or digital computer images.
