## ENGINEERED HARDWOOD FLOORING

Natural TIM 379

Naturally occurring splits, knots and burls are prominent design elements of Timberland Plank. Saw and chatter marks are added to light wire brushing and subtle hand scraping to further enhance the modern, rustic visuals.

Chiseled edges and ends accentuate the long lengths and alternating width plank pattern. The durable, low-luster finish is protected with a lifetime residential finish warranty to ensure years of worry free enjoyment.

Wood swatches displayed may not show all possible variations in natural wood characteristics. It is these naturally occurring characteristics (mineral streaks, knots, pinholes, etc.) that give each hardwood floor unique warmth and beauty. Samples are intended to be a reference for product visuals and may not represent all color, shade, pattern, and texture variations. Actual product may differ from small swatches, printed media, or digital computer images.
