<b>I13</b>				

## **Warranty Information**

KR3 offers a onetime replacement within 30 days from the date of purchase on our Hi-Impact Birch bats. The breakage must have occurred during the normal use with real baseballs and be the direct result of a manufacturing defect. The wear on the 30 day warranty bat must show that the bat has been properly hit on the correct sides on the bat (logo up or logo down)

Bats that meet the above requirements will be reviewed by our manufacturing lead hand. If the bat is approved for warranty replacement you will be contacted and a replacement bat will be shipped directly to you. Bats must still retain the decal on the knob of the bat containing the length and weight of the bat. Items not covered include but are not limited to: abuse or misuse, bats used in a commercial batting cage or for team batting practice, cosmetic surface or structural conditions resulting from normal wear and tear or bats that have been altered or cupped. Warranty service can be refused so any person who, at the sole discretion of KR3, abuses KR3 product/or KR3 warranty policy. There are no other warranties written or applied.

Please email this form and a picture of your receipt to **warranty@kr3bats.com**
