# The Power of Mobility

In the modern business landscape, the power of mobility is paramount. The advantages extend beyond mere convenience, encompassing heightened flexibility, enhanced productivity through seamless collaboration, and improved efficiency. Your employees can access information and contribute to projects from anywhere, ultimately leading to a more dynamic and responsive business environment.

## Our Team of Experts

Adroit Hardware Solutions is at the forefront of addressing mobile workforce needs with its comprehensive range of tailored hardware solutions. From robust tablets to cutting-edge mobile computers and ergonomic accessories, our Mobile Workforce Solutions are designed to seamlessly integrate with your ERP meeting the demands of your dynamic work environment, offering reliability and performance for professionals on the move.

## Features and Benefits

Adroit Hardware Solutions stands out in meeting the demands of mobile workforce requirements with a suite of features designed for optimal performance.

- ✓ Rugged solutions ensuring maximum availability
- ✓ Ready for the warehouse, production floor or route
- ✓ The right device and form factor for operation workflows
- ✓ Full lifecycle support

# The Right Solution

THE AHS DIFFERENCE

## Joint Software Compatibility Check

We will work with you to ensure compatibility.

## Project Assessment and Presale Site Questionnaire

We offer a comprehensive pre-sale service and questionnaire to help tailor solutions to your needs.

## Expertise

The AHS team has extensive knowledge and experience in the Food & Beverage Industry, particularly in traceability and inventory tracking solutions. We are fully equipped to address your requirements across various areas including warehouse solutions, shop floor management, plant floor operations, driver proof of delivery, and more.

# Our Partners

Adroit Hardware Solutions partners with a range of leading technology partners to provide comprehensive solutions for you and your business.

We aim to offer a comprehensive suite of hardware and software solutions, leveraging the strengths of each technology partner in their respective domains. The collaboration with these well-established companies indicates a commitment to delivering high-quality and integrated solutions to our clients.

Here's a brief overview of the key technologies that each partner offers:

Handheld Scanners
