

BRITISH SPINAL INTERVENTION COURSE

Leeds Medical School
Worsley Building
University of Leeds
Leeds
LS2 9JT

30th & 31st May 2024

The *British Spinal Intervention Course* is a hands-on training course, aimed at radiologists and other healthcare professionals, centered around teaching spinal interventional radiology procedures under fluoroscopic guidance.

This includes: injections, biopsy (intervertebral disc and transpedicular), vertebroplasty and thermal ablation. Delegates will be taught the practical aspects of these procedures on cadavers by experts and will have the opportunity to practice themselves with supervision and direct feedback. The practical sessions will be supplemented by a short series of lectures outlining the relevant techniques.

Thursday 30th May

09:00 – 09:05	Welcome & Introduction	Dr Richard Fawcett & Dr David McKean
09:05 – 09:20	Fluoroscopic spine anatomy	Dr Richard Fawcett
09:20 – 09:35	Fluoroscopic intervention: the basics,	Dr David McKean
09:35 – 09:55	Facet joint and pars interarticularis injection	Dr Michelle Ooi
09:55 – 10:20	Nerve root and sacroiliac joint injections	Dr Dan Fascia
10:20 – 10:40	Break	
10:40 – 11:05	Spinal biopsy: disc	Dr James Rankine
11:05 – 11:30	Transpedicular access of the vertebra	Dr Richard Fawcett
11:30 – 12:00	Demonstration: Biopsy needles	
12:00 – 13:00	Lunch	
13:00 – 17:00	CADAVER LAB	
17:30 – 19:00	DELEGATE DRINKS RECEPTION (included)
