Customer Comments

I am the Director of Customer Service with an industrial manufacturing company. I just want to complement you and Kathy on excellent service in a very efficient and personal way. Thanks.

~ J. Kraus

Thank you for your wonderful service and quick shipping to my daughter's abode, awaiting my bare feet upon my Christmas arrival. Having returned home to Boise, I find my new footwear even better than expected.

It's always somewhat frightening to shop long distance, given all the horror stories, but you are a top-notch outfit, and I will keep your catalog on file, as well as your email address and web site.

Thank you VERY much.

~ M. Parsons

I wanted to take a moment to thank you for your GREAT website. So many great shoes to choose from, some of them really hard to find in the "real" world.

~ D. Orneallas

The design of your web page is great. It is much faster and more intuitive to use than many.

~ C. Bruml

| 316210 | La Sportiva | 861 | TC Pro - Climbing Shoe | The ultimate technical big wall free climbing shoe developed in collaboration with Tommy Caldwell Designed to provide powerful, technical edging AND crack climbing prowess without compromising either. This game changing, mid-height edging machine will take you out of a technical thin hands to rattley fingers crack and out on to the diciest dime edges you can find. Thin padding in the ankle and above the toes protects you in the cracks and the patented P3® platform delivers sensitive yet powerful edging abilities. The toes flat fit is perfect for comfortable crack climbing and the ventilated tongue and lateral rand perforations promote air-flow. We worked with Vibram® on a new rubber compound that works best for technical edging and developed the XS Edge compound which holds an edge better on sharp micro edges.
