

**WACKER  
NEUSON**  
*all it takes!*

## HYDRO TECHNOLOGY SYSTEMS

### GP 6600A

Portable Generators

### Rugged and powerful premium portable power

Designed for construction, rental and other demanding applications, these quiet, high-performance, portable generators deliver unmatched tool starting and voltage regulation in a rugged compact package. Excellent for powering single or multiple tools on an entire job site or as emergency or standby power. Built with heavy-duty frames and premium components to provide long, trouble-free operation even in abusive environments. Ideal for powering high starting amperage tools such as compressors, grinders, fusion welders as well as all your Wacker Neuson electric power tools.

- Best in class tool starting and voltage regulation due to a unique step-start generator technology with AVR (automatic voltage regulation) and separate excitation winding.
- Central GFCI (neutral bonded to ground) sensor system eliminates common GFI outlet failures while offering personal protection on all receptacles including 240 Volt. Meets the latest NEC and OSHA jobsite standard
- Unique auto-idle control with time delay system automatically reduces the engine to a low speed reducing fuel consumption, noise and wear.
- Full wrap-around frame with dual cross-member support, high impact polyethylene fuel tank and heavy duty shock-mounting combine to provide outstanding impact protection.
- Honda engine with low oil shutdown. Fully compliant with the latest EPA evaporative emissions regulations.

## Technical specifications

### Portable Premium Generators

#### Dimensions

|                              |                     |
|------------------------------|---------------------|
| L x W x H Overall            | 27 x 21 x 21.2 in   |
| L x W x H Shipping           | 28 x 21.5 x 23.2 in |
| Weight Dry                   | 198 lb              |
| Shipping weight without Fuel | 203 lb              |

#### Operating data

|                                     |                         |
|-------------------------------------|-------------------------|
| Operating weight with Fuel          | 229.8 lb                |
| Circuit breaker AC - 1 Phase 2 Pole | 27 A                    |
| Receptacles AC Outlet               | (2) 125V, 20A Duplex    |
| Receptacles AC Outlet               | 125/ 250V, 30A Twst Loc |
| Receptacles AC Outlet               | 125V, 30A Twist Lock    |

#### Electrical system

|                                   |                  |
|-----------------------------------|------------------|
| Electrical power Max. Output      | 6,600 W          |
| Electrical power Continuous Power | 6,000 W          |
| Voltage AC - 1 Phase              | 120/ 240 V       |
| Current AC - 1 Phase              | 50/ 25 A         |
| Frequency                         | 60 Hz            |
| Power factor                      | 1 cos $\Phi$ 1~  |
| Generator model                   | AVR With Brushes |
| Power Rating Specification        | SAE J1349        |

#### Engine / Motor

|                             |                      |
|-----------------------------|----------------------|
| Engine / Motor              | Honda                |
| Engine / Motor manufacturer | GX390 RT2            |
| Cylinder                    | 1                    |
| Displacement                | 23.7 in <sup>3</sup> |
| Operating performance       | 11.7 kW              |
| RPM / speed Operating       | 3,600 rpm            |
| Tank capacity Oil           | 1.2 US qt            |

|                    |             |
|--------------------|-------------|
| Tank capacity Fuel | 4.94 US gal |
| Fuel type          | Gasoline    |
| Fuel consumption   | 1 US gal/h  |
| Runtime            | 4.8 h       |

**Please note**

that product availability can vary from country to country. It is possible that information / products may not be available in your country. More detailed information on engine power can be found in the operator's manual; the stated power may vary due to specific operating conditions. Subject to alterations and errors excepted. Applicable also to illustrations.
