

Green to Grow's Welcome Home Set has everything new parents need to start nourishing a baby with confidence: BPA-free baby bottles, nipples and a super soft, organic cotton baby cloth. Welcome home sets, \$54.99 (products also sold individually), greentogrow.com.

ME4KIDZ

focus is designing functional and modern first-aid kits and have now introduced the natural and organic Diaper Bag buddy, which includes organic diaper rash cream, aloe vera gel pack, organic face and body moisturizer and latex free bandages. Every purchase gives back to the disabled community and all of the plastic used is 100% recycled of US/EU lead-free contents. \$14, me4kidz.com.

MIXED BABY GREENS

offers stylish green products, such as organic cotton T-shirts and bamboo hooded bath towels. Products are cleverly packaged in sheer organza drawstring pouches with mixed baby green seeds — soil not included! Pirate binkie baby tee, \$38. mixedbabygreens.com.

Gymboree's

newest addition is the eco-friendly unisex Gymboree Organics Collection. The soft newborn essentials are made from certified organic cotton, free of pesticides and grown with minimal impact to the environment. Available at Gymboree stores and gymboree.com.

Eco-Me Baby kits is the ultimate do-it-yourself tools for creating chemical-free baby care products. These kits are the perfect complement to the green lifestyle. It's so easy to make natural, great-smelling products! \$36, eco-me.com.
