

CAMEC INVICTUS DOOR

The Camec INVICTUS DOOR is taking the function, durability and style of your caravan to a new level. This Australian made door has the look of a 4 rounded corner door but has only 2 rounded corners for ease of installation.

With a redesigned robust door handle getting into the caravan is easy. The new lock now pulls down to open the door. Ideal for off road and higher caravans. Available with a key or a truly keyless electronic lock.

With no changes to door sizes you can easily upgrade your caravan door to the INVICTUS Door. With redesigned cast aluminium hinges and a 360° door seals you will be sure to keep the dust out.

The premium integrated door blind takes privacy to a new level. With the track and also blind integrated into the door there will be no more blinds flapping in the breeze.

Electronic Locking System

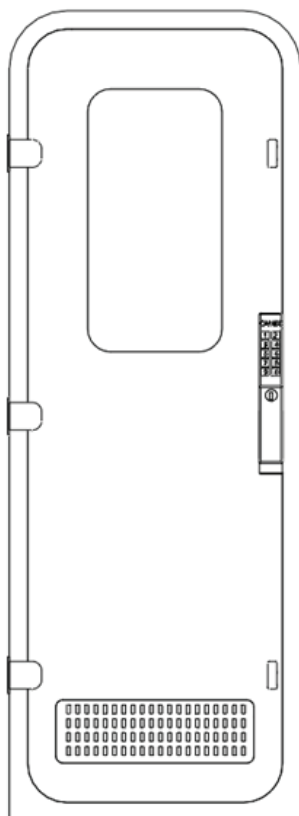

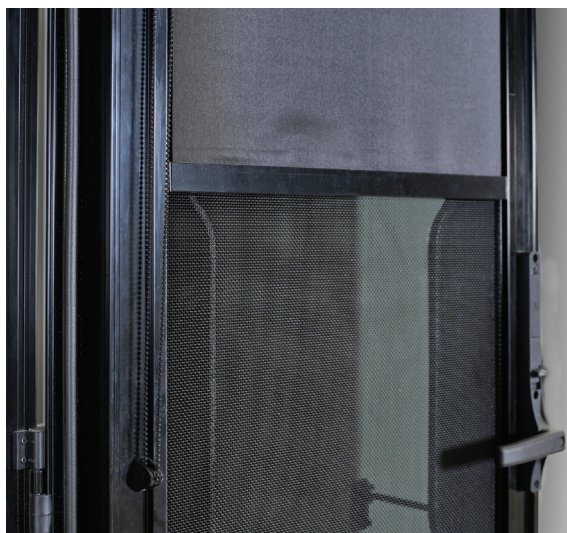

This lock has been designed to be truly keyless. This one touch battery operated lock is a great feature on any caravan. Being battery operated means there is no need to hard wire the lock into the van. With a courtesy light for opening your caravan in the dark you will be able to enter your pin code correctly every time. Branding opportunities are also available. Please discuss this with your Camec representative.

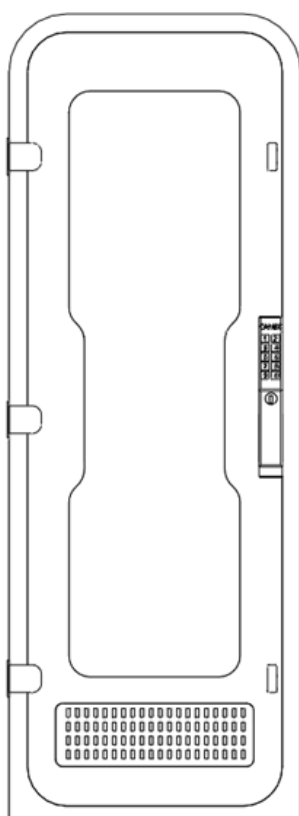

CAMEC INVICTUS DOOR

Premium Integrated Blind

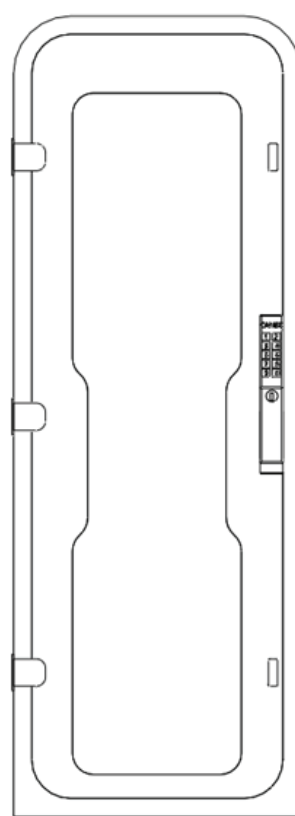

The Premium Integrated Door Blind is providing the ultimate privacy. With the tracks of the blind integrated into the door frame and the blind material also slotting into the tracks there will be no flapping when there is a breeze. Design to block out the sun and provide privacy this premium blind make the Invictus door sleek and stylish while being practical.
