

ACROMAT

OUTPERFORM. OUTLAST.

Custom. Quality. Service.

At AcroMat, quality, customization and service are our promise, and a part of all that we do. Our industrial-grade materials are designed to endure even the harshest environments, offering consistent performance and exceptional durability year after year. Our mats are precision-cut specifically for your workspace, providing a perfect fit that eliminates slip, trip and fall hazards, and ergonomic support that cushions every step. And our dedicated team provides a seamless, personalized process from start to install.

—Andersen Windows, Menomonee, WI

BEFORE

CUSTOM MADE SIMPLE

“Workstations come in all shapes and size. Your anti-fatigue mats should too.” This was our vision for AcroMat 15+ years ago after seeing the same issues facility after facility: standard rectangular mats were causing more slip, trip, fall and ergonomic hazards than they were resolving. This vision has led to who we are today, a family-owned *custom* anti-fatigue mat manufacturer.

Unlike traditional mats, which limit you to strict lengths and widths, we precision cut our mats to the exact size, shape and features your work areas need. This might be a 2.5 ft. by 3.25 ft. mat, or 2,000+ sq. ft. with multiple angles and curves. The ultimate goal is making sure you get exactly what you need to keep your people safe, healthy and comfortable.

With our custom mat building tool, **AcroSketch**, we (and you) can design custom mats to any size, shape and features in minutes – making custom as simple and fast as off-the-shelf matting.

Russell Herbert | General Manager, Founder

“I use AcroMats throughout my organization and the operators have provided amazing feedback. The mats are soft and comfortable, yet strong and durable. I highly recommend them for industrial applications.”
–Kevin Johnson, Engineering Technologist, Renewal By Andersen

TRUSTED BY LEADING MANUFACTURERS

"AcroMat does customer service well. They were so easy to work with. From initial calls to the on-site visit, AcroMat listened to our needs. They provided solutions for the different work areas in our facility, from office to warehouse to machine shop, and each solution met the different needs of those work areas. Delivery was quick. Each mat was labeled with the specific workspace it was meant for, saving us from having to identify and sort a pallet full of mats. I couldn't be more pleased with the friendly, efficient customer service, delivery and quality of product."

**–Betsy Kauffman, HR Manager,
Rigid Hitch Inc.**

–nVent, Anoka, MN

“My back used to hurt when I went home from work. It doesn’t anymore.”
–Machine Operator, Winnebago Industries

NOT ANOTHER SUPPLIER

We’re not an online mat supplier with chatbots and auto-replies. At AcroMat, we’re a family-owned manufacturer and team passionate about improving the health, safety, and productivity of your people. This means being available to help with any need at any time. Questions? Unsure where to begin? Let's walk through it all together!
