

Foam Fillers To fit 32/1000 Box Profile

We provide polyurethane 32/1000 Profile Foam Fillers to close off the end of your Roofing Sheets and prevent the elements from getting in. Foam Fillers can also prevent birds and vermin from entering, providing the perfect solution. Our 32/1000 Profile Foam Fillers will ensure your roofing project has a long-term seal.

Our 32/1000 Box Profile Filler is designed to fit between the final Purlin of your building and the Roofing Sheets and have a 6mm base. You can hold these Fillers in place with silicone sealant, if necessary, providing extra security when you need it.

32/1000 Box Profile Foam Fillers

Measuring one-metre in width and manufactured using polyurethane, our 32/1000 Box Profile Foam Filler is the ideal product to finish your roofing project and can be used in conjunction with silicone sealant. We also have variants on these with 13/3 Corrugated Fillers, 32/1000 Box Profile and Tile Form Fillers available.
