

BOX PROFILE 34/1000

Polyester

34/1000 box profile 0.7 thick polyester paint coated most popular sheets, with each single skin sheet having 7 strong 166mm profiles across its width. With a profile height of 34mm and coverage of 1000mm when installed, these 34/1000 box profile sheets give you a simple yet strong way to cover your build. Each 34/1000 box profile sheet will give your roof a secure weatherproof lap from sheet to sheet.

Benefits of Box Profile 34/1000 Roofing Sheets:

Fast and easy to fit, independently tested to current CE EN 14782 requirements.

Uses of 34/1000 Box Profile Roofing Sheets:

Most commonly seen on industrial, agricultural and commercial buildings, box profile sheets can be used for domestic buildings where required. Available as a single skin profile sheet, it can be used to build up an insulated system, to over clad an existing roof or on its own to provide a solid weatherproof covering on any building. Suitable for roof application of 4 degrees or higher.
