

Modern Led Ultra-thin Indoor Round Ceiling Light

CL0099

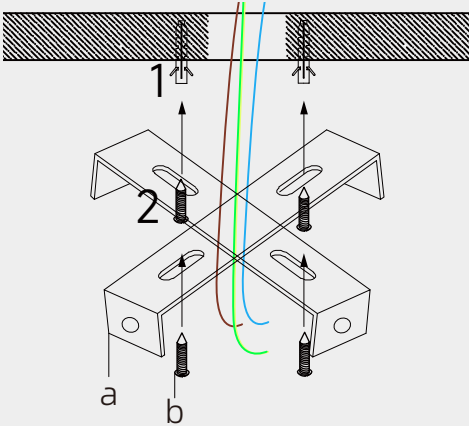

Step 1

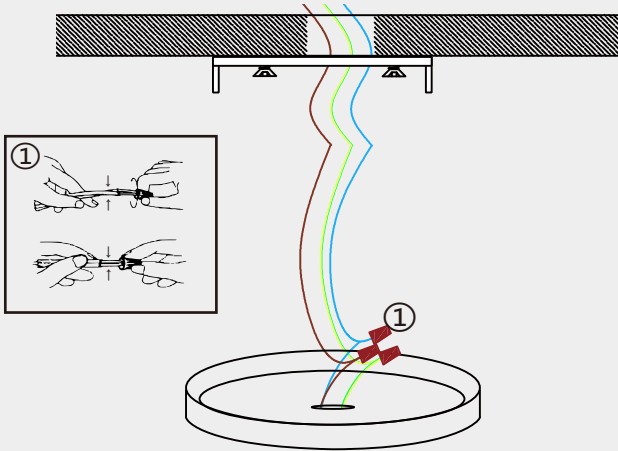

Step 2

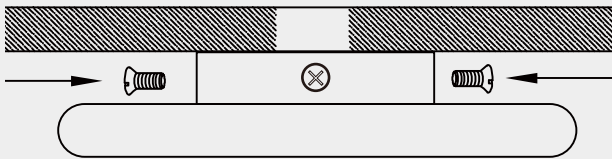

Step 3

Step 4

Step 5

Step 1: Locate the circuit breaker or fuse box that controls the power to the installation area. Switch off the power supply to avoid any electrical hazards during the installation process.

Step 2: Hold the included mounting bracket against the wall at the desired installation height. Use a pencil to mark the positions of the screw holes on the wall. Ensure that the bracket is level. Using a drill, create holes in the marked positions on the wall. Insert included anchors into the drilled holes to provide secure attachment points for the screws.

Step 3: Screw b through a and into the expansion screw.

Step 4: Connect the lamp wires to the reserved wires.

Step 5: Fix the wall lamp by tightening the screws from the up and down sides.
