

GOBO ROTATORS & LIGHTING IRIS

Smart Move® and EZ Iris

The Apollo family of gobo rotators bridges the gap between conventional rotators that merely spin and rotators that require the use of a lighting desk. The Smart Move® rotator family produces fantastic kinetic effects like exploding fireworks, flickering fire, reflected water, morphing textures and more.

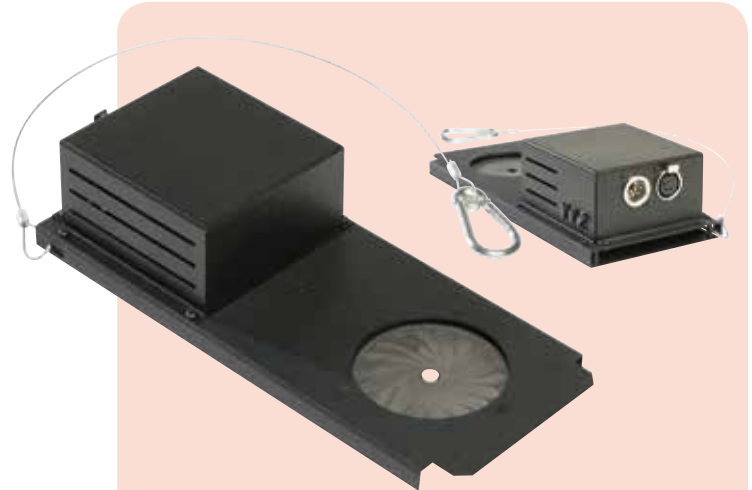

Smart Move® Rotators

Smart Move® Rotators have a robust functional design that delivers quiet reliable performance. The rotators can be stand-alone units using only AC power or an addition to scrollers, foggers, and other DMX accessories.

FEATURES:

- 19 Pre-programmed Effects or Design-Your-Own
- Smooth Quiet Operation
- Simple Controls
- Infinitely Variable Speeds from 0-21rpm
- Versatile – Almost Any Gobo Type
- DMX Control and Indexing
- CE and FCC Compliant
- Made in the USA

EZ Iris

The EZ Iris gives complete control over the beam spread of many Ellipsoidal fixtures. It provides smooth, quiet, dependable operation at an affordable price.

FEATURES:

- Round, Even-edged Apertures
- Seamless Aperture Changes
- Smooth Quiet Gear-driven Operation
- DMX Control and Indexing
- CE and FCC Compliant
- Made in the USA

Due to continuous improvement, specifications are subject to change without notice.
