

# Luzern®

*Good Night with CRÈME NUIT...  
Good Morning to Beautiful Skin*

## **CRÈME NUIT Advanced Night Cream**

---

This ultra-rich, ultra-concentrated night crème contains Luzern's proprietary **RetinO<sub>2</sub>**™, a synergistic complex of Retinol, Oxygen, and Bakuchiol designed to amplify the benefits of retinol while you sleep. Targets the look of wrinkles, elasticity, and brightness.

Just one spatula-full leaves your skin feeling hydrated, glowing, and beautiful by morning.

## 3 WAYS TO AMPLIFY YOUR NIGHTTIME REGIME

### 1. START SLOWLY:

Begin using retinol-rich **CRÈME NUIT** every other night and increase frequency as your skin adjusts. Try incorporating **LUZERN'S Hydra Enzyme Masque** on alternate nights.

### 2. LAYER VITAMIN C:

Vitamin C underneath **CRÈME NUIT** boosts retinol's power, increasing improvements in texture, tone, and brightness while reducing the look of wrinkles. We recommend **LUZERN'S Serum Absolut V15**.

### 3. ADD AN OIL:

Layering a facial oil underneath **CRÈME NUIT** boosts hydration for skin types that need deep nighttime moisture. We recommend **LUZERN'S Serum Absolut Sublime Oil**.

**Product Note:** Apply an SPF during the day when using retinol. Do not use if pregnant or breastfeeding.

## WHAT'S INSIDE

**ADVANCED RetinO<sub>2</sub><sup>™</sup> COMPLEX  
(RETINOL + OXYGEN + BAKUCHIOL)**  
REFINE AND ACTIVATE YOUR GLOW
