## HELPFUL TIPS

- + Provide 2-3" of Sand/Substrate for Digging
- + Make Sure Terrarium Has Well-Ventilated Top
- + Cedar Shavings and Bark Nuggets Are Toxic—Do Not Use as Substrate

## FUN FACTS

- Some of the Smallest Boa Species
- Nocturnal—Most Active at Night
- Can Live Up to 1 Year Without Food in Times of Food Scarcity

The information provided covers the basics on animal care. Additional information should be researched.
