Our eliquid is hand-crafted in a GMP & ISO certified lab located in beautiful southern California. Every batch of eliquid we produce is date and batch coded for strict quality control. Each of our flavors have been rigorously tested and are diacytel-free.

Our distinctive flavors are available in four nicotine strengths: 0mg, 3mg, 6mg, & 12mg.

WE PRIDE OURSELVES IN EXCELLENT CUSTOMER SERVICE & CUSTOMER SATISFACTION.

MOQ: we don't have a minimum order requirement or mandatory re-order levels. We have an exceptionally high re-order rate, so it is not necessary for us to mandate & we know our retail partners love this flexibility.

THE CAFE RACER COLLECTION

SALTY BASTARD

NATURALLY EXTRACTED TOBACCO FLAVORS

Cafe Racer's award-winning tobacco flavors, including Lucky 13, Lucky Bastard and Cool Bastard as well as our Nic Salts line of Salty Bastard Tobacco and Tobacco Ice stand out for their smooth and distinctive flavor profiles. One of the main reasons for this is that we use a proprietary extract from real tobacco leaves to produce real tobacco taste without the harshness, bitterness and often chemical flavor of most tobacco eLiquids in the market.
