

TAO MOTOR JEEP AUTO

JEEP AUTO

The Jeep Auto is back and ready to take you on your next big adventure. Known for its distinct appearance and reliability, the Jeep Auto comes with our tried and true 107cc air-cooled four-stroke engine. And just like the name suggests, the Jeep Auto is fully automatic so even beginner Go Kart enthusiasts can ride with confidence. Available in all new color options with flashy decals, the Jeep Auto looks better than ever.

Supervising adults know that safety is essential, whether you're riding on two wheels or four. We agree. That's why we've added a four-point safety harness, so riders stay secured in their oh-so-cool Tao Motor branded seats. The driver lucks out with an adjustable seat, so whether you're the tallest of the group or shortest, the Jeep Auto is accessible for all.

The Jeep Auto comes with a speed limiter so early riders don't get too carried away and disk brakes front and rear provide ultimate stopping power. Additional improvements that just make sense include powder-coated a-arms and swing arms, and front and rear adjustable shocks. Ready for an adventure? The Jeep Auto is!

FAMILY AFFORDABLE POWERSPORTS

We believe that a family that rides together stays together! That's why we offer a broad lineup of products engineered for youth and products built for adults. Two wheels or four, pavement or dirt, we deliver great products that your whole family can enjoy!
