CUBITRON<sup>II</sup>

39083

3M<sup>TM</sup> Sanding Disc

The 3M<sup>TM</sup> Cubitron<sup>TM</sup> II Sanding Disc is designed to help ensure a consistent and perfect finish on multiple substrates, including wood, metal and composites. The 3M Xtract<sup>TM</sup> helps improve productivity, performance and the final finish, whilst maintaining a virtually dust-free work environment – thanks to advanced dust extraction technology

Component	Specification
Diameter (mm)	150
Grit	180+
Fixing System	Hookit
Max RPM	12000
Hole Config.	Clean Sand
Box Qty	50
