Connect to Alexa (Dynasty Fireplace)

Description

You can simply ask Alexa to turn on, turn off the fireplace.
There's no need to go to the switch to adjust your devices - just talk to Alexa on your Amazon Echo, Echo Dot, Amazon Tap or Echo Show.
After connecting Alexa to your Dynasty Fireplaces products in a few simple steps:
(1). Download our "Dynasty Fireplaces" app in android or ios app market;
(2). Register one Dynasty Fireplaces account in our "Dynasty Fireplaces" app;
(3). You need to have some Dynasty Fireplaces devices in hand;
(4). Configure these devices in our "Dynasty Fireplaces" app and change appropriate name for your devices which will be used in "Dynasty Fireplaces" skills;
(5). Download Amazon "Alexa" app from android,ios or Amazon app market;
(6). Configure Echo with "Alexa" app;
(7). Search "Dynasty Fireplaces" skill from the "Alexa" app skills category;
(8). Click Enable skill of "Dynasty Fireplaces", and you'll be navigated to Dynasty Fireplaces login page;
(9). Input your Dynasty Fireplaces account username and password, you'll be redirect to the success page;
(10). Now all setup is finished.

You can enjoy the voice control on your home devices like these:
"Alexa,turn on the fireplace."
"Alexa,turn off the fireplace."
"Alexa,set fireplace to 50 degrees"
"Alexa,decrease fireplace"
"Alexa,increase fireplace"
"Alexa,turn on eco on the fireplace"
