

#### Required Tools:

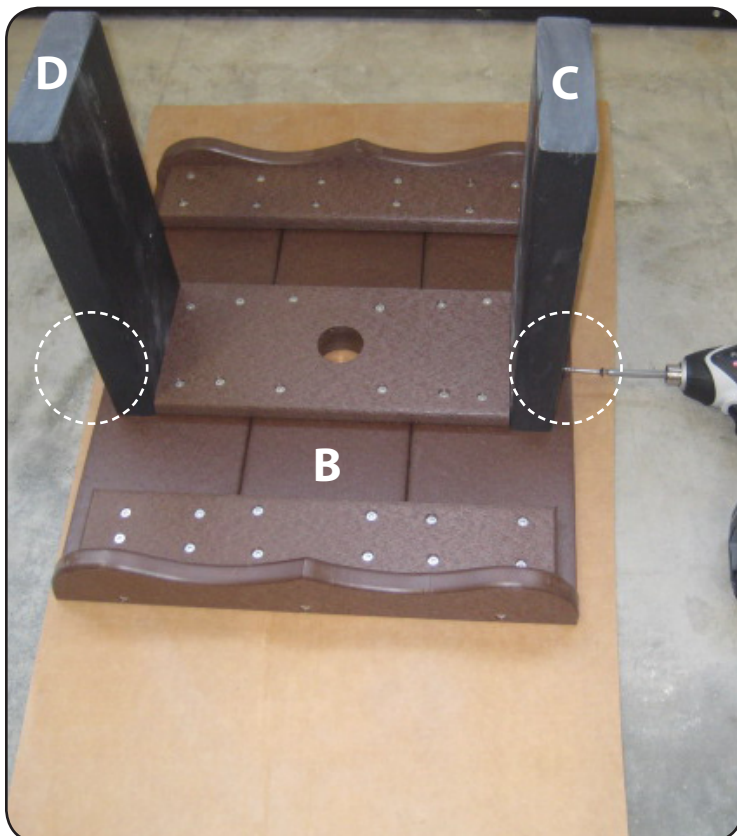

- Cordless Drill
- #2 Square Drive bit

#### Hardware:

- (10) 2 1/2" Screws
- (8) 2" Screws

#### Parts

- A = Table Bottom
- B = Table Top
- C = Upright Support
- D = Upright Support
- E = Connecting Bracket

#### Step 1

On a soft surface, lay the table top (B) upside down. Fasten the upright supports (C) and (D), to the ends of the batten through holes provided, using (6) 2 1/2" screws (3 on each side).

#### Step 2

Now place the table bottom (A) upside down on top of what you have assembled, lining up with the table top and fasten with (4) 2 1/2" screws (2 on each side).

#### Step 3

Leaving the assembly upside down, place the connecting bracket (E) on top of the assembly, and fasten with (4) 2" screws (2 on each side).

#### Step 4

Position your two Heritage Rock-a-Tees side by side, leaving a gap to place the table assembly between them. Flip your table assembly right side up, with the scallops facing forward and place the Tee-Table connecting bracket into the slots provided at the base of each chair, fasten the bracket to the bases with (4) 2" screws (2 on each side) through the pre-drilled holes. Your set is now complete.
