

Assembly Instructions

LCC-291 44"x84" Table

Required Tools:

- Hammer
- Cordless Drill
- #2 Square Drive bit

- 7/16" Wrench or Socket

- Tape Measure

Hardware:

- (16) 1/4" x 2" Bolts
- (16) 1/4" Flange Nuts

- (24) 2 1/2" Screws

- (20) 2" Screws

Step 1

Lay table upside down on a soft surface. Attach (8) legs (A) onto inside of table cleats with (16) 2" bolts & nuts. Be sure counter sink holes are turned out for step 3.

Step 2

Position the 18 7/8" pieces (C) in between the (2) 17 1/2" pieces (D) as shown and fasten with (8) 2 1/2" screws through predrilled holes provided.

Assembly Instructions

LCC-291 44"x84" Table

Step 3

Now fasten the pieces you have just assembled in between legs as shown measuring 11 1/2" from bottom of leg. Center assembly in between legs and fasten with (16) 2 1/2" screws.

Step 4

Fasten cross supports (E) to legs where shown with (16) 2" screws. First fasten ends and keep flush with legs.

Step 5

Set table on legs and fasten board with umbrella hole (F) onto the cross supports aligning with top hole using (4) 2" screws.

Complete!
