

Enzyme Therapy

CONSENT FORM

WHAT IS IT?

DMK Enzyme Therapy Treatments are a non-invasive, hydrolysing skin conditioning treatments, which remove dead skin cells from the surface of the skin without peeling the skin. Enzyme Therapy enhances your skin's capacity to function optimally.

Enzyme Masque #1, Enzyme Masque # 2 and Enzyme Masque #3 consist of a blend of transfer messenger enzymes. The enzyme formulations contain specialised ingredients that help increase circulation, improve lymphatic drainage, increase free water levels in the skin and enhance collagen production while strengthening and tightening the skin.

WHAT DOES IT ACHIEVE?

The DMK Enzyme Therapy Treatments are the rebuilding part of the DMK concept used to improve the health of the skin and treat poor skin functioning that contributes to wrinkles, fine lines, premature ageing, pigmentation, blackheads and breakouts. It is also effective in revising loose and sagging skin and aims to tighten skin tissue. What you see on the surface of your skin reflects what is happening within; the DMK Enzyme Therapy Treatments help restore and regulate optimal skin functioning to address the cause of specific problems, not just the symptoms you can see.

WHO IS IT FOR?

DMK Enzyme Therapy Treatments are suitable for most skin types, colours and conditions.

HOW DOES IT FEEL?

The DMK Enzyme Therapy masque gets very tight and hardens on the skin. You may then experience pulsing, moving to a slight throbbing feeling. Some clients can also experience an itching sensation. These are all positive signs that the treatment is working to its potential.

WHAT TO EXPECT?

The skin will look plump, fresh and glowing, post treatment. You may experience some superficial flaky skin depending on the amount of dead cell accumulation and the pre-

treatments performed before the Enzyme Therapy. Your DMK Skin Technician will provide more details regarding your tailored treatment combination.

WHAT TO REMEMBER

Whilst the DMK Enzyme Therapy Treatments are designed to restore health to the skin, topical chemistry cannot guarantee a perfect outcome every time and your DMK Skin Technician cannot provide a guaranteed timeframe in which to expect optimum results.

Results will vary from person to person, as each individual skin type will respond differently. However, to maximise your opportunity to achieve the best possible results you must:

- » Adhere to your full DMK Home Prescriptive program throughout the program.
- » Do not sunbathe or use a solarium for 24 hours post treatment. If you do expose yourself to the sun, it's imperative that you wear DMK Soleil Defence 50+.
- » Continue with regular DMK professional treatments and your DMK Home Prescriptive regime after the program has finished to prolong the benefits achieved.

NOTE: The results experienced by each individual will vary depending on their particular skin type and condition. While some will only require one treatment, others may require several treatments over a period of time to achieve their desired results. Prior to commencing any treatment program you must inform your DMK Skin Technician of all medications you are taking and any medical conditions or allergies you are experiencing.

ARE THERE ANY SIDE EFFECTS?

It is possible that you may experience some of the following temporary side effects as a result of this treatment:

- » Tightness or dryness of the skin.
- » An outbreak of pimples if impurities have been locked under the skin.
- » Redness and irritation of the skin. This may be relieved by applying Beta Gel.
- » Darkening of skin prior to exfoliation as underlying pigment moves to the surface.

Although these side effects may be uncomfortable, they will subside as long as you follow any instructions you are given by your DMK Skin Technician. As with any treatment, there is always the possibility that you could have a negative reaction not predicted by your DMK Skin Technician.

ACKNOWLEDGEMENT

I have completed my DMK Professional Skin Revision Treatment pre-treatment medical history form and have informed my DMK Professional Skin Revision Therapist of any pre-existing skin, or other medical conditions, treatments or medicines.

Although Amarco Enterprises Pty Ltd, trading as DMK Australia & New Zealand Pty Ltd, endeavours to ensure that all clients receive the best possible care and results, at no time does it make any guarantees or undertakings that any DMK Professional Skin Revision Treatment or product will cure, alleviate, prevent, eliminate, or retard any injury, illness or condition.

I have read the above and initialed all points and paragraphs. I have asked any questions I might have regarding this DMK Professional Skin Revision Treatment.

I realise that there is a possibility of contraindications and adverse effects in my undergoing DMK Professional Skin Revision Treatment. I agree to notify my DMK Professional Skin Revision Therapist should I have any contraindications as a result of this DMK Professional Skin Revision Treatment. I agree to follow all instructions given by my DMK Professional Skin Revision Therapist including what products to use before and after my DMK Professional Skin Revision Treatment. I agree to hold my DMK Professional Skin Revision Therapist without fault should I experience any discomfort, contraindication or adverse reaction as a result of this DMK Professional Skin Revision Treatment. Should any one or more of the above contraindications not occur, I understand that this is not necessarily an indication that the DMK Professional Skin Revision Treatment is not working, but rather that my condition and state of health causes me to respond well to organic material.

I understand and agree that it is a condition that I use only the products given to me by my DMK Professional Skin Revision Therapist and in the manner indicated by my DMK Professional Skin Revision Therapist during the DMK Professional Skin Revision Treatment series, and for at least a week following the final DMK Professional Skin Revision Treatment.

DECLARATION

I _____ of _____
hereby declare that I have read the above in its entirety. I have a full and complete understanding of the Professional Skin Revision Treatment described above and how this could affect me. I consent to and accept the DMK Professional Skin Revision Treatment described above on that understanding.

I also confirm that I have freely and voluntarily signed this declaration and acknowledge that I have in no way been induced by Amarco Enterprises Pty Ltd, trading as DMK Australia & New Zealand Pty Ltd or any of its associates, DMK Professional Skin Revision Therapists or dealers to undergo the Professional Skin Revision Treatment.
