Forbes
"Alogic's Clarity 27-Inch 4K Monitor Is An Affordable Alternative To Apple's Studio Display."

Macworld
"This 4K UHD display is an affordable alternative to Apple Studio Display - and in some ways it's superior."

appleinsider
"For the budget-focused and those who want a good display that can move with the user's whims, the Alogic Clarity is transparently the better option."

iTWire
"The Alogic Clarity is a stunningly brilliant, bright, and beautiful monitor that provides a studio-quality display to your Mac (or PC) but at a way lower cost than Apple's own studio display."
