

Model:
ENGINE X

Material: 6061 aluminum alloy
Size: 20x4.0 inch
Motor: 250W high-speed brushless motor
Battery: 48V 13Ah Lithium-Ion Battery (upper to 16Ah)
Speed: 0-25KM/H
Mileage: 50-60 KM (electric mode)
Charging time: about 6H
Maximum climbing degree: 30°
Brake: mechanical disc brake
Transmission system: Shimano 7 Gear
Body weight: 31KG
Gross weight: 38 KG
Maximum Load: 165KG
Folding size: 76x66x35CM
Suitable for: 165-195CM People

High Quality 6061 Aluminum Alloy
