There's one that fits your business needs!

### FS\*

This general disbursement check is ideal for small business use.

### 950\*

This multi-purpose check features a detachable stub for employees when used as a payroll check.

### FSP\*

This popular check can be used for either payroll or general disbursement. It features a detachable stub for employee payroll, plus a 'FOR' line on the check itself.

### S\*

A popular disbursement check designed for business.

### SP\*

With the advantage of both a convenient payroll and disbursement stub, this check is perfect for small businesses who need one simple, east-to-use check writing system.

### SI\*

This spacious check is preferred by those who often pay several invoices with a single check. Provisions for discounts that may apply is included.

### IPC\*

This check is similar to the 950, yet uses different deduction codes on the payroll stub.
